CHAPTER 1

All About Me

🎯 **In this chapter I will learn:**

- say who I am: name, age, school, family, address
- understand why an identity card is important
- tell my likes and dislikes
- name my moods and handle them calmly
- know that I am unique and special

Who am I?

Every one of us has a name, an age, a birthday, a school and a family. Telling these things is called **introducing myself**.

My name is	I am a	My birthday is on	I am in class	I study in	I live in
_____	girl / boy	__ / __ / ____	1	_____ school	_____ (city/town)

Other things I should know: my father's name, my mother's name, my address, my blood group and my parent's phone number.

⭐ **Remember** An **identity card** has important facts about us – name, address and a guardian's phone number. It tells others who we are and keeps us safe. Wear it to school every day.

People call us by different names – a pet name, a school name, a nickname. Every name has a meaning. Ask your family what your name means!

What I like and what I don't like

I like to play football, read books, paint pictures and fly kites. I do not like to see my friends cry. I do not like to fall sick. Our **likes and dislikes** are not the same – and that

is perfectly fine. We can give a reason: "I do not like dirt because it makes air and water bad."

My different moods

When I feel...	I can...
😀 Happy (when I come to school)	dance and jump with joy
😢 Sad (when I cannot go out to play)	play an indoor game
😨 Scared (when clouds thunder)	count 1 to 10 and calm down
😠 Angry	stamp my feet… then take a deep breath
😴 Tired	go to sleep

A **mood** is how we feel inside. All moods are okay. What matters is what we *choose to do* next.

How am I unique?

Some of us are tall, some are short. Some have brown hair, some have black hair. Our likes and dislikes are different too. So we are all **special and unique** – there is no one else exactly like me!

✏️ **Let's try together:** Make a **Mood-o-Meter**. Each day for one week, mark how you feel: 😀 😐 😢 😠 😨.

⭐ **Remember** When I am angry or sad I should **not** throw things or shout. I can breathe deeply, count to 20, drink water, read a book or talk to someone I trust.

🔤 Word Master

🎒 **Go beyond:** Riya went to a place where nobody has a name. What problems will she face? (We would not know whom to call! Each person is special, so each needs a name.)

🎨 **Fun with friends:** make a "Managing My Mood Box" from a paper carton. Fill it with things that calm you – a soft toy, a book, a drawing.

📌 More from the book – Feelings

We feel many things: **happy** 😊**, sad** 😢**, angry** 😠**, scared** 😨**, excited** 🤩**, tired** 😴. Scared means **afraid**. We can show what we feel with our face and words. When I am tired, I go to sleep. When I feel excited I dance with joy!

🧰 **Mood box:** Fill a small carton with things that help you calm down and cheer up – crayons, a colouring book, a nice-smelling soap, pictures of favourite things. Open it when you feel angry or sad.
